THE DETROIT AMERICANS LOSE THE SECOND GAME

The Chicago Nine Were Easy Victors by a Score of 5 to 1

The Result Was Attained by Hard Hitting—The Teams Left for Detroit Where the Next Three Games Will Be Played.

Chicago, Oct. 10.—The Detroit American League team suffered a second defeat at the hands of the Chicago Nationals, today, scoring only one run to five for Chicago. Four of Chicago's runs were the result of solid hitting. Sliever started to pitch for Detroit, but the locals batted him out of the game in the fourth inning. Killian then took up the work and was found for three hits and another run in the fifth. Detroit tried vainly to break through the Chicago defense. Reulbach pitched strongly in the opening innings, and when he showed signs of weakening in the fifth and sixth innings, while the Chicago hitters lost no time in straightening out Sliever's benders. The first run came in the second inning when Steinfield lined the first ball over the third base, reaching second on the hit. Kling sacrificed, Evers stung a double over the first base, Steinfield scoring. Evers was left when Schultz and Tinker were retired on infield grounders. With Reulbach going at top speed, that one run looked good enough to win, but just to make the result certain, the Nationals went after Sliever savagely in the fourth.

Steinfeld drove a long fly to left to start the inning. Jones got the ball near the boundary line. Kling followed with a hard single to right. Evers sent another drive to the same place. Schultz dropped a fly to center. Kling scoring. Evers tried to make third on that hit but was caught between the lines and run down by a swarm of Detroit players. Schultz took second on the play. Tinker lifted a prevention for divorce! Aye, that cure is hard to get, but send to her some Cactus Candy— Wife will know you love her yet.

the most stirring victory in light harness horse history.

Dorothy Axworthy, so lame she could hardly hobble along, was the heroine of the race, for she forced Tramp Fast to break the world's record to beat her. Thistle Down was not disgraced, for a nose separated him from Tramp Fast at the finish. The second heat proved without exception that the conqueror is the greatest colt in the world. Leading Lady, the favorite, was not in condition for the race and she broke badly in both heats. The previous record for the two-year-old Futurity was 2:14, made by Katherine A., in 1902.

CHINESE SAILORS.
Will Take Place of Norwegian Crews on Central American Fruit Steamers.

Mobile, Ala., Oct. 10.—Nearly all the vessels of the Central American fruit trade will, it is said, in the next few weeks, replace the Norwegian crews with Chinamen. The Norwegian owners, it is said, concluded that owing to the unsatisfactory labor of their countrymen, their unreliability, their temperate habits and the increasing number of desertions, partly owing to the interference of boarding house runners, they would no longer employ them. Each ship will probably sign thirty-five men, bringing the total number of Chinese to 105.

STILL DEEPER IN THE MIRE

Attorney Brown Indicted the Second Time

A Bill Found Against Him for Subornation of Perjury.

San Francisco, Oct. 10.—The Oliver grand jury today returned another indictment against Luther G. Brown, the law partner in Los Angeles of Earl Rogers reputed to be "the head of the United Railroads detective force" in this city.

Brown who was indicted recently with Attorney R. Porter Ashe, charged with abducting Fremont Older, the managing editor of the San Francisco Bulletin, today was accused by the grand jury of subornation of perjury in procuring G. A. Wyman, a chauffeur, to testify falsely before the inquisitorial body while he was under examination for alleged kidnaping.

Wyman drove the car in which Older was taken, against his will, to Redwood City enroute to Los Angeles to answer to a libel suit instituted by Brown in connection with the present bribery-graft prosecutions. Wyman, according to the prosecution was "cornered" by Heney in the grand jury room and confessed that Brown induced him to perjure himself. Wyman was not indicted.

The grand jury also returned an indictment against John E. West a member of the Electrical Workers' union, accusing him of the perjury of offense of short circuiting a wire of the United Railroads.

Brown's bail was fixed by Judge Coffey at \$10,000 in bonds, or \$5,000 in cash; West's at \$5,000 bonds or \$2,500 cash. A bench warrant was issued for the arrest of each.

SENATOR PLATT READY FOR THE DIVORCE SUIT

May Wood Required to Produce the Alleged Documentary Evidence of the Marriage.

New York, Oct. 10.—An order directing Joseph D. Lee, the lawyer, to produce the alleged marriage certificate and letter in which his client, May Wood, alleged that Senator Thomas C. Platt admits his marriage to her, was made by Justice McCall today. The proceedings were preliminary to the trial of Miss Woods for divorce from Senator Platt, which is on the calendar for early in November.

Counsel for Senator Platt told the court that he was ready to go on trial at once and asked that the documents be immediately presented. Plaintiff's counsel replied that Miss Wood held the papers and that it would require ten days to bring them east. A postponement was finally agreed upon.

HAD DYNAMITE ON THE BRAIN

Young Bigelow the Denver Book Store Clerk

He Confessed to the Black-mailing Attempt of Last August.

Denver, Oct. 10.—Kemp V. Bigelow, the young clerk from Farmer, Ohio, who mailed a dynamite package last Monday to Governor Buchtel and several other prominent citizens of Denver, confessed today that he was also the author of letters mailed on August 23 last, to the Burlington railroad, the Moffatt road, Adams Express, the Daniels and Fisher stores company, the May Shoe and Clothing company, and Postmaster Paul Sours, demanding amounts varying from \$10,000 to \$50,000 and aggregating \$190,000. These letters contained threats that unless his demands were complied with passenger trains would be wrecked with dynamite, the Daniels and Fisher and May stores and the federal building in the city would be blown up. C. H. Day the local agent of the Adams Express company was to be killed within thirty days. Bigelow's confession was made to Chief of Police Michael Delavan in the presence of Day and John F. Valley, general agent of the Burlington in Denver. The letter to the Burlington was as follows: "Denver, Aug. 28, 1907. "To the Chicago, Burlington and Quincy Railroad. "Gents: We demand that your company place with the Adams Express company on September 7, \$50,000, the same to be paid and put in one envelope marked T. T. D. M. G. they to put it off at the stock yards that day. We mean business. If it is not done as we say, one of your best trains will be blown up with nitro glycerine. Remember, 7th of September. (Signed) "D. M. G. DENVER M. R. H. M." The other letters were similar. Day was named in all of them as the man to whom the money was to be paid, and upon whom was placed the responsibility of delivering it to the unknown writer. Letters containing instructions for placing a different mark upon each package demanded that they should be put in one package and thrown from a certain Burlington train as it passed the Denver stock yards on the night of September 7th.

A dummy package was made up and thrown off the train as directed. Detectives were in hiding near the spot designated for leaving the package of money and kept up a vigil all night but nobody appeared. The next day the package was returned to Day. Bigelow will be turned over to the federal authorities and prosecuted on a charge of using the mails to defraud.

A FURTHER UNLOADING ON THE STOCK MARKET

In Consequence the List Was Spattered With Violent Declines.

New York, Oct. 10.—There was some further urgent liquidation condensed in the stock exchange today which caused violent declines in many sections of the list, although among others, there was some show of stability, partly because the liquidation of some stocks already had been effected. An incident was the heavy selling of United States Steel preferred, which carried it down to the level where the rate of dividends was higher than on the common stock. Bonds were heavy.

HALF A MILLION STOLEN.

An Italian Scheme for the Plundering of the Burlington.

Denver, Oct. 10.—Over \$500,000 worth of merchandise has been stolen from the Burlington railroad in transit between Chicago and Denver during the past year and three hundred Italians laborers, who pilaged the freight cars, have been discharged, according to a report published in the Denver Times today. It is said that secret service agents ferreted out the system by which the robberies were constantly committed but failed to secure evidence sufficient to convict any of the thieves.

HER DEATH PEACEFUL

Though Her Career Had Been Tumultuous

The End in the Ohio Prison of Mrs. Cassie Chadwick.

Columbus, O., Oct. 10.—Mrs. Cassie Chadwick, whose amazing financial transactions culminated in the wrecking of the Oberlin National Bank, died in the woman's ward in the Ohio penitentiary at 10:05 o'clock tonight. Mrs. Chadwick had been in a comatose condition for some hours previous to her death and the end came peacefully. No friends or relatives waited at her bedside. Only the prison physician and the hospital attendants were present. Her son, Emil Hoover, has been summoned from Cleveland, but he is not expected to arrive before tomorrow morning.

Mrs. Cassie Chadwick, whose maiden name was Elizabeth Bigely, was a native of Woodstock, Canada. She first came into public notice at Toledo, Ohio, about twenty years ago, where she told fortunes under the name of Madame Devereaux. While in this city, she forged the name of Richard Brown, of Youngstown, Ohio, and was sent to the penitentiary at Columbus for nine years. She served but a portion of the sentence, and located at Cleveland, where she married Hoover. Her second husband was Dr. Leroy Chadwick of Cleveland, of good family and of standing in his profession. Early in 1903 Mrs. Chadwick, in the presence of her husband, gave Ira Reynolds, cashier of the Wade Park bank, of Cleveland, a box containing notes signed with the name of Andrew Carnegie. These notes were forged ones, and are alleged to have amounted to \$750,000. Reynolds gave Mrs. Chadwick a receipt for the papers, which described the notes and signatures.

Mrs. Chadwick was brought to trial and after a hearing which lasted for two weeks, she was found guilty of conspiracy to defraud the bank and was sentenced to ten years in the penitentiary. Her health was not good at the time of her trial and failed steadily. Mrs. Chadwick left a son, born of her first marriage, Emil Hoover who is now about twenty years old.

BATTLESHIP FLEET COAL.

Washington, Oct. 10.—Foreign bottoms carrying coal for the United States navy will not be compelled to pay tonnage and lighter dues assessed under the regulations of the department of commerce and labor. A decision to this effect was rendered today by Attorney General Bonaparte, the question having been referred to him when the British tramp steamer Forde, carrying coal from Newport News, Va. to San Francisco, protested against the payment of charges after having carried a cargo of coal to the Bremerton navy yard in Puget Sound. As the enforcement of the tax meant that the navy department would be called upon to pay a higher amount for coal to be used by the Atlantic fleet on the voyage around the Horn, the problem was a serious one.

STANDARD'S FIGURES PUZZLE MR. KELLOGG

He Discovers \$20,000,000 of Loans Which Suddenly Vanished

The Man Who the Books Show Had Received the Money Had Never Even Heard of the Existence of An Account Against Him.

New York, Oct. 10.—Loans aggregating \$20,000,000, which the books of the Southern Pipe line company show were made to P. S. Trainer, between 1899 and 1905, became more puzzling of solution to Frank B. Kellogg, who is conducting the federal suit against the Standard Oil company, today, when Trainer, taking the witness stand testified that the money had never been paid to him and that he never heard of the account. The Southern's books showed unsigned vouchers received for these loans and that the money had never been handed back to the company. Trainer said he was formerly the crude oil purchasing agent, for the Standard Oil company of New York, and as such he purchased all the oil and sold it to the refineries. He said he acted in a similar capacity now for the Standard Oil company of New Jersey.

Kellogg called Trainer's attention to various loans amounting to over \$20,000,000, which were made by the Southern Pipe Line company, and charged to P. S. Trainer, and asked him to tell all he knew concerning the loans. "I do not know anything about these loans," answered Trainer. "I had an oil account with the Southern company, but no money account. I never gave them any voucher and never heard anything about the loans." Trainer said he fixed the price paid for crude oil after consulting with John D. Archbold, the vice president of the Standard. These consultations were held daily, Trainer said, and after they were over, he made public the market price of crude oil. H. M. Telford, treasurer of the Standard Oil company of California, and president of the Continental Oil company, when asked to produce the reports of the Continental company, testified that whenever a new report was received he invariably destroyed the old one. The reports of the Continental company contained information regarding the business done by competing oil companies. Kellogg will have a conference with Attorney General Bonaparte at Washington tomorrow to discuss the progress of the government's case against the Standard Oil company.

MAY SAPP'S DEATH NOT HER OWN ACT

A Warrant Issued for the Arrest of the Man Who Said She Committed Suicide.

Toia, Kas., Oct. 10.—The coroner's jury which has been investigating the death of May Sapp, tonight returned a verdict that Miss Sapp died from wounds in the neck, caused by a sharp instrument, in the hands of a person or persons other than Miss Sapp. So determined was the jury to make plain its disbelief in the theory of suicide in connection with the case, that they inadvertently worded the verdict to read: "Miss Sapp's death was caused by a person or persons unknown to Miss Sapp." They promptly changed it to "a person or persons other than Miss Sapp." A warrant was sworn out tonight for Samuel F. Whitlow, immediately after the coroner's jury reported. John Sapp, the father of the dead girl, swore to the complaint.

THE SOUTHERN SULTAN.

Tangier, Oct. 10.—The power of Mulai Hafiz, who has been proclaimed sultan in South Morocco, has been greatly strengthened in that part by a declaration of the Ulemas or holy men at Fez, that he has more legal and moral right to the throne than Abdul Aziz, the sultan of Morocco. This, coupled with the approach of Mulai Hafiz's army upon Fez, argues a speedy capitulation of the northern capital.
